

## End User Signup Guide

### IMPORTANT

- In order to use wireless service, you must have a wireless PCMCIA card or a USB adapter or a wireless Ethernet adapter installed on your computer
- Your computer's operating system must support wireless technology. (If in doubt, please check with your manufacturer to confirm wireless compatibility.)
- It is *recommended* that you use Internet Explorer version 5.0 or higher.

When you launch your browser you will see this page. Select from the 3 sign-in options.

- Signup for Service
- Have A Coupon
- Already Have an Account

### Signup Process

1. Ensure that your wireless card or adapter is connected and enabled.
2. Check the settings for your wireless card or adapter to ensure that the ESSID (or SSID) is configured to "AmeriSpot" (Notre upper case A and S.)
3. Restart your computer and log in as normal
4. After your computer is rebooted, open a web browser (Internet Explorer or Netscape).
5. When you open your web browser, you will be directed to a login page. **Click Sign In** to sign up for a new account.

**Ameri SPOT**
